

# REQUEST FOR TENDERS

## Hastings River Entrance - Back channel

---

Tenders are sought for dredging of Hastings River Entrance back channel and Town Beach dune reconstruction, Port Macquarie, NSW. The work involves the removal by dredging of up to 12,000m<sup>3</sup> of marine sand to restore the width of the navigation channel, the transportation/pumping of the marine sand to a deposition site at Town Beach and using the marine sand for the reconstruction of the dune on Town Beach. It is anticipated the work will take 6 weeks, and be completed by the end of June 2008. A mandatory site meeting will be held at 1pm on Wednesday, 2 April 2008. Evidence of previous experience in this sort of work will be required along with typical safe work method statements and environmental management plans.

**Closing date:** 12pm, Friday, 11 April 2008
