

## **Request For Tenders (RFT): Valuation of 19 of State Water's dams at 30<sup>th</sup> June 2013**

**RFT No. SWCDoc12/25595**

### **Summary Information and Procedure for Tender Document Download**

To obtain the Request for Tender (RFT) documents the Tenderer **must** undertake the following procedure:

1. Read the following summary of Scope of Works and determine whether your company wishes to obtain RFT documents:

- a) The scope of work to be executed under the contract is broadly described in this clause.

'The Principal requires a valuation of its dam assets for financial reporting purposes. The valuation is to be undertaken in accordance with relevant Australian Accounting Standards Board Standards Board standards including Property, Plant and Equipment (AASB 116), NSW Treasury Guideline TPP07-1 and State Water Policy Doc12/14067 Valuation of Non Current Assets.

The Consultant is required to undertake and document an asset valuation of the 19 specified dams at a component level specified by the Principal and based on a bill of quantities method as at 30<sup>th</sup> June 2013. Project 1 involves using a Modern Engineering Equivalent Replacement Asset (MEERA) type approach. Project 2 involves depreciation of the MEERA at component level to determine the Optimised Depreciated Replacement Cost (ODRC) for each dam.'

- b) Mandatory Pre-tender Site Meeting

There is no mandatory pre-tender meeting

2. Complete the attached form titled "Tenderer Details for Document Security Purposes" and email a signed pdf version to [clare.bales@statewater.com.au](mailto:clare.bales@statewater.com.au)

It is the tenderers responsibility to confirm that the form has been received by State Water Corporation. Non-confirmation may result in the Tenderer being prevented from obtaining the RFT documents.

3. Following receipt of the form by State Water an email will be sent to the Tenderer advising a passcode to be used on the electronic tendering website for download of the tender documents. Provision of the password to obtain the RFT will be at State Water Corporation's discretion.

4. Use the passcode to obtain the RFT documents at the following website:
