## Project Overview

NSW Hospital Schools are celebrating their centenary this year!

Today, there are ten hospital schools across NSW that provide continuity of quality education for students within the NSW Health hospital system through strong partnerships with students, families and census schools, to deliver personalised learning with strong coordinated health and education transition planning.

We are holding a celebratory event at Taronga Zoo for these schools, their community members and families on 21<sup>st</sup> June, 2023.

This is for the recognition and celebration of the amazing community, volunteers and school staff who work together to provide happiness, hope and education for all children who are unwell and require hospital treatment.

Sponsorship will directly help to bring down the cost of tickets for families, staff, volunteers and community members of hospital schools around the state and ensure that financial difficulties will not restrict anyone in our community from attending this celebration, in particular our regional/rural families. Your contribution will subsidise the costs of the event venue, dinner, entertainment, as well as travel/overnight costs for families.

## Opportunity/Contribution

This is an opportunity to partner with Hospital Schools NSW, who provide much needed continuity of learning and support to some of the state's most vulnerable children and adolescents. To be a proud sponsor of an event that is bringing together compassionate and caring people who give their time to help others in their community.
