

**TransGrid
Specification No. 1434
Works at Panorama Substation
Summary of Specification**

The following summary indicates the nature of the work that TransGrid desires tenders to submit. It is issued to enable an assessment to be made regarding whether the Specification documents should be obtained from TransGrid for tendering purposes. It does not form part of the Specification and must not be included as part of your offer.

Summary

The nature of the construction only contract is a combination of Lump Sum and Schedule of Rates contract. The Works under the contract include all the works associated with upgrading the oil containment system at Panorama 132/66kV substation in accordance with the design provided by the Principal as part of this tender.

Contract Period

Possession of Site and Practical completion will be as follows:

Possession Of Site (POS) – Within 11 weeks from Date of Acceptance of Tender (DAT)
Practical Completion (PC) – Within 12 weeks from Possession of Site (POS)

Contract Closure

Tenders shall be lodged by utilising TransGrid's e-Tendering website at www.transgrid.com.au, before 11.00 a.m. (Sydney Time) on: 29th September 2015

Documents to be lodged will include the duly completed Form of Tender, Technical Schedules & Commercial Schedules as found in the 1434 – Returnable Documents file.

Site Inspection

Mandatory site inspection is to be held on Friday 11th September 2015 commencing at 11AM at the Principal's existing Panorama 132/66kV Substation, which is located through a locked gate on the right of the Mid Western Highway, 6km from Bathurst, NSW, 2795 (prior to Evans Plains). 1km of unsealed private road following locked gate.

All parties interested in attending the Site inspection shall notify their intention to attend by telephoning Mr. Chris Jones, Contract Administrator on (02) 9284 3883 or email: Chris.B.Jones@transgrid.com.au. It is mandatory that all parties interested in tendering attend the Site Inspection.

All persons attending the Site inspection must wear long sleeve shirts, trousers, enclosed footwear, hard hat, safety glasses and high visibility vest.
