

Specification and Contract No. 1415

Refurbishment of the Buronga

220kV Substation Building

The following summary indicates the general nature of the work for which TransGrid desires tenders to be submitted. It is issued to enable an assessment to be made whether the Specification documents should be obtained from TransGrid for tendering purposes. It does not form part of the Specification and must not be included as part of your offer.

Extent of Work

Buronga 220kV Substation requires refurbishment both internally and externally. Works include but are not limited to external doors replacement, replace floor finishes, meal room replacement, bathroom replacement and workshop refurbishments.

The Works cover the supply, fabrication, transport to Site and construction including all civil, structural and environmental works required for Buronga 220kV Substations to this Specification and drawings.

The Works shall be constructed to comply with relevant Australian Standards, the requirements of Australian Regulatory Authorities, the Building Code of Australia, and other relevant Standards and with this Specification and drawings.

Contract Period

Item No.	Description	Date or Period for Completion
1.	Date of Acceptance of Tender	October 2014 (Indicative Only)
2.	Possession of Site	Within twelve (12) weeks from the Date of Acceptance of Tender (Indicative Only)
3.	Date for Practical Completion	Within eight (8) weeks from the date of being granted Possession of Site

Contract Closure

A signed and dated Form of Tender, all completed Schedules with supporting documentation shall be lodged electronically **before 11.00am (Sydney Time) on: 14 October 2014.**

Site Inspection

A Mandatory Site inspection is to be held on **Thursday 25th September commencing at 10:00am at TransGrids Buronga 220kV Substation.** It is a mandatory requirement that all parties interested in tendering shall attend the Site Inspection.

All persons attending the Site inspection must wear long sleeve shirts, trousers, enclosed footwear, hard hat, safety glasses and high visibility vest.
