

## **Specification No. 1234 Yass to Wagga Wagga 132kV Transmission Line (990) Reconstruction**

### **Summary of Specification**

The following summary indicates the general nature of the work for which TransGrid desires tenders to be submitted. It is issued to enable an assessment to be made whether the Specification documents should be obtained from TransGrid for tendering purposes. It does not form part of the Specification and must not be included as part of your offer.

The Specification documents can be downloaded from our website for a non-refundable fee of \$220.

#### **Extent of Work**

The Works cover the dismantling and removal of an existing 132kV wood pole transmission line and the construction of a new 132kV concrete pole transmission line.

The Works shall include all associated works including the provision of access tracks and, with the exception of the concrete poles and high voltage insulators, the supply of all materials required for the reconstruction of the existing line. Poles and insulators will be provided by the Principal. The Works will include but not specifically limited to:

- The dismantling and disposal of the existing wood pole transmission line including poles, conductor and earthwire
- supply and erection of gates
- some minor clearing of the route
- construction of access tracks and improvement of existing tracks
- applications of erosion control and other environmental safeguards at each structure site
- the erection of concrete pole structures, including foundations
- fabrications, supply and installation of pole earthing arrangements
- the supply and stringing of conductors and overhead earthwire and fittings
- the supply and installation of material for the earthing of fences and gates
- the supply of all material except insulator and concrete poles

Tenders for part of the work will not be considered.

#### **Contract Period**

The nominal construction period for the works is twelve (12) months from the date of Possession of Site. However, the Tenderer is required to provide a detailed Program of Works, indicating the period from the Possession of Site date within which they undertake to complete the work under the contract.

**Tender Briefing**

A mandatory Tender Briefing for Specification 1234 will be conducted on Wednesday 10<sup>th</sup> October, 2007 at TransGrid's Sydney West Office, 200 Old Wallgrove Road, Horsley Park NSW 2164, commencing at 10:00am.

**Contract Closure**

Tenders shall be lodged by utilising TransGrid's eTendering website at [www.transgrid.com.au](http://www.transgrid.com.au), or by hand-copy, in a sealed cover with Specification number and title clearly endorsed thereon, including a duly signed and dated paper of the Form of Tender and **all** completed Schedules in TransGrid's Tender Receptacle located on Level 12, 201 Elizabeth Street, (Cnr Park and Elizabeth Streets), Sydney, NSW 2000 before 2.00pm (Sydney Time) on 30<sup>th</sup> October 2007.

**Further Information**

Further information may be obtained from Anwar Kurukchi on telephone (02) 9620 0233
