

## Specification No. 1422

### CIVIL WORKS FOR REFURBISHMENT OF GEEHI TEE

#### Summary of Specification

---

The following summary indicates the general nature of the work for which TransGrid desires tenders to be submitted. It is issued to enable an assessment to be made whether the Specification documents should be obtained from TransGrid for tendering purposes. It does not form part of the Specification and must not be included as part of your offer.

The Specification documents are available for a non-refundable fee of \$220. They may be downloaded from TransGrid's e-tendering web-site or, if requested, a CD will be issued to an intending Tenderer.

#### Extent of Work

The Works include work described in this Specification and all necessary associated work, temporary and permanent, that may be required for the proper completion of the Contract, whether or not specifically mentioned in this Specification or shown on the contract drawings, and includes all preliminaries, setting out, plant, labour and supervision, the supply, delivery to site, handling storage and transport of materials and erection.

The Work under the Contract as detailed in this Specification covers all works necessary for the upgrade of the access track, excavation and construction of a soil nail retaining wall approximately 30 metres in length and 6m in height, the construction of a single concrete steel pole foundation and construction of gully foundations at TransGrid's Geehi Tee.

#### Mandatory Criteria

Tenders submitted by organisations that do not comply with all the following mandatory criteria will not be considered:

- Tenders must be for the whole of the works specified and include for the performance of all obligations set out in the Specification. Tenders for only part of the work will not be considered.
- The tender price submitted must be FIRM (i.e. not subject to adjustment for variations in cost) for the period of the contract.
- All tenders must attend a mandatory site inspection to be held onsite **Thursday 4 December 2014** commencing at 1:00pm.

#### Site Inspection

A Mandatory Site Inspection for Contract 1422 will be conducted at **1:00 pm on Thursday 4 December 2014** meeting at TransGrid's Murry Substation located at 2 Power Station Road, Khancoban NSW 2642.

Tenderers **shall be suitably dressed for this inspection** (i.e. long sleeve shirts, trousers/slacks, enclosed footwear, safety helmets and high visibility shirts or vests) and that personnel wearing leisure clothing (e.g. beachwear, thongs, open footwear, singlets etc.) will not be permitted to participate in the substation switchyard portion of the inspection.

#### Contract Period

Practical Completion of all Works within this Specification is required within 10 weeks from the date of Possession of Site.

#### Contract Closure

Tenders shall be lodged by utilising TransGrid's e-Tendering website at [www.transgrid.com.au](http://www.transgrid.com.au), or by

hard-copy, in a sealed cover with the Specification number and title clearly endorsed thereon, including a duly signed and dated paper of the Form of Tender and **all** completed Schedules in TransGrid's Tender Receptacle located in the Administration Building at Metropolitan Area Centre 200 Old Wallgrove Road, Eastern Creek NSW 2766 before 11.00am (Sydney Time) on **Thursday, 18 December, 2014.**
